COLGATE & COMPANY JERSEY CITY PLANT: D-10  
(Colgate-Palmolive Company Jersey City Plant: D-10)

HAER No. NJ-71-CG

**Location:** 57 Hudson Street, Jersey City, Hudson County, New Jersey

**Significance:** D-10 was built as pump house to manage storage and flow of raw soap-making material. Although not an individually significant structure, D-10 was significant as a component of the Colgate plant.

**Description:** D-10 is a reinforced-concrete, flat-roofed, one-story structure, partially below grade, with pivoting steel sash and ducts. The ell-shaped structure is 41-by-10 and 25-by-16 feet. The interior is filled with pumps (HAER No. NJ-71-CC, Figure 2).

**History:** Colgate-Palmolive-Peet built D-10, and the associated D-10-Yard with numerous storage tanks and piping, in 1944. These parts of the Colgate Jersey City plant were demolished in 1990.
